# “What’s My Rule?” with Blocks

## Family Note

Your child will complete the tables on this page by drawing tens and ones for 2-digit numbers. More than one picture can be drawn for a number. For example, to show 26, your child might draw 2 tens and 6 ones, 1 ten and 16 ones, or 26 ones. The symbol | stands for 10, and the symbol ■ stands for 1.

*Please return this Home Link to school tomorrow.*

1. Draw simple pictures of base-10 blocks to complete the table.

**Rule**

Add 12

In	Out	Out in a Different Way
