

BOGGLE - HANDOUT

NAME: _____

www.MrNale.com

Directions: *In the game of Boggle, you are challenged by making as many words as you can with the letters on the gameboard. The letters in each word MUST touch (horizontally, vertically, or diagonally) in the order the word is spelled. For example, if you make the word "DOG", the D must connect to the O and the O must connect to the G. Write down the words you create below in the correct column. When time is up, each student should read aloud their list of words. If someone has your word, you both have to cross it off the list. Once everyone has read aloud their words you can tally up the number of points you earned to determine who is the winner.*

3 Letters (1 point each)

- 1.) _____
- 2.) _____
- 3.) _____
- 4.) _____
- 5.) _____
- 6.) _____
- 7.) _____
- 8.) _____
- 9.) _____
- 10.) _____
