

CLAP OUT - HANDOUT

NAME: _____

www.MrNale.com

Directions: For this activity you will either need your Spelling List or a page in your Spelling book where you can view all of the words. Write the Spelling words on the spaces provided using pencil for the consonants and a different color pen for the vowels. Next, go through your word list one-by-one and quietly "clap-out" the syllables. Then circle the number that corresponds with each word and how many syllables it has. At the bottom, and when you are finished, fill in a word for each column (1, 2, and 3 syllable).
