

## WORD UP - HANDOUT

NAME: \_\_\_\_\_

www.MrNale.com

**Directions:** *In this activity you need to select one word from: your Spelling list, weekly story vocabulary words, word tile bucket, or you may create your own using the letter tiles. Once you have chosen a base word, write it on the space below and lay out the foam letters to spell it as well. Your challenge will be to create as many different words as possible by adding a few letters to the word (prefixes, suffixes, or both). For example: if you chose the word "ride" you could add letters to it to make it "stride", "bride", or "rides". Make sure to use the foam letters while you are trying to make new words.*

My Base Word
