

Name: _____

Unit 7 Review

1. In the morning, the temperature was 55°F . By noon, the temperature went down by 20° . What was the new temperature?
-

2. Add.

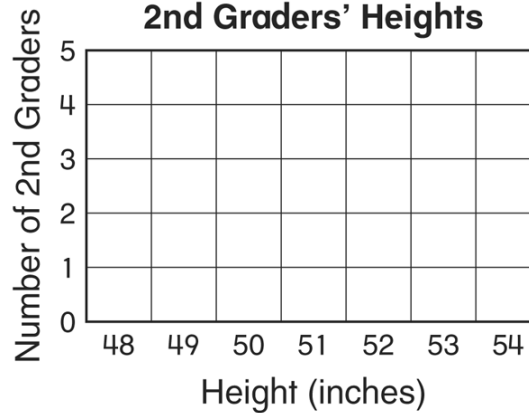

$$3 + 7 + 7 = \underline{\hspace{2cm}}$$

3. Use the data from the table to make a bar graph.

**Heights of
2nd Graders**

Height (in.)	Number
48	0
49	4
50	2
51	1
52	1
53	2
54	5

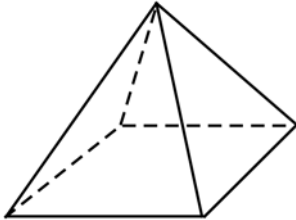

2nd Graders' Heights

4. Find the rule.

Rule	in	out
	2	4
	5	10
	9	18
	20	40
	50	100

5. Which shape is drawn below?

[A] cone

[B] pyramid

[C] cube

[D] cylinder

6. Complete the table.

Rule	in	out
Halve	20	
	35	
	80	

7. Find the median (the middle number).

a. 1, 7, 11

Median _____

b. 11, 9, 4, 6, 12

Median _____

8. Find the median (the middle number) and the mode (the most popular number).

28, 53, 57, 48, 57

median _____ mode _____

9. Fill in the missing numbers.

89	

10. Add.

$$3 + 7 + 7 = \underline{\hspace{2cm}}$$

11. Add.

$$9 + 11 + 16 = \underline{\hspace{2cm}}$$

12. Add.

$$15 + 16 + 14 = \underline{\hspace{2cm}}$$

13. Write the missing number.

$$17 + 33 = \underline{\hspace{2cm}}$$
